Good Morning / Afternoon Judge

My name is Naguana Britton
and I'm expressing my thoughts
to you on behalf of Mr. Ivan
Boston.

Mr. Boston and myself
have known and been in a
relationship for 4 years now,
and despite the situation he
is a good person. I have
a 15 yr old son and my son
looks up to Mr. Boston as
a father and we both would
be very grateful if you please
let him come home as soon
as possible.

Within these four years
our son has done much better
in school and stopped hanging
with the wrong crowd.

As for myself Mr. Boston
encourages me to always do
better and every thing I do

To appear in U.S.
Court to be held

he shows me a lot of support.

Truth be told the night he got arrested he was on his way home to US. He's been living with me for about three years.

I ask with all sincerity that you take into consideration the time you give him is the longer he will be away from his family and Honestly that scares me because as I stated he's the father my son doesn't have. And now a days all children need a father whether or not the child is theirs.

Not to mention he's not a threat to society or anyone for that matter. ~~Mr.~~ Mr. Boston has a very good head on his shoulder's and for whatever reason things went wrong that night.

Please your Honor, Please don't give Mr. Boston more time away from Our family than we've already lost.

Thank you
Respectfully
NAQANA, Britton
